

Year 3 and 4 English Online Learning – Week 7

This week we will be continuing with our unit based on the story *The Happy Prince* from the **Oak National Academy** website. This is a site that has been developed by the government specifically for home learners and it is being used very successfully in many schools across the country. Each lesson comes with its own very detailed teaching video and minimal resources are required. This means that you won't need to print out lots of sheets to work on.

For each of the sessions on the next page, there is a teaching video to watch. The teacher in the video will explain everything to you and will tell you what equipment you will need (normally, this is only a quiet space in which to work, pen/pencil and piece of paper or a notepad to keep all of your English work in). You will need to keep your notes and work from each session, as you will use these for the final piece of writing later in the unit. You will need to pause the video at the points the teacher asks because you will need to make notes, think or talk to an adult about your ideas. Some of the lessons will ask you to learn specific spellings. As we use *Spelling Frame* for this, you don't have to do these tasks unless you want to do it as an extra challenge.

Please upload your work to Purple Mash as you complete it. We find it more useful if you send your work as you complete it on a daily basis as then we can give you feedback before you start the next lesson.

Best wishes

Miss Moseley and Mr Thompson 😊
